

Georgina

**Speech Pathologist
QLD**

Georgina has a passion for supporting communication, language, literacy, and feeding across the lifespan, who spends her downtime playing competitive soccer and doting on her dachshund.

Georgina is a dedicated Speech Pathologist who graduated in 2023. She has gained valuable clinical experience across South Australia, the Northern Territory, and Queensland, working with clients across the lifespan in a variety of settings.

Georgina has a strong interest in supporting language and literacy development, as well as assessment and intervention for feeding, swallowing, and communication needs at all stages of life. She is passionate about delivering person-centred, evidence-based therapy that empowers individuals and families to achieve meaningful communication outcomes.

She has completed Sounds-Write training, further strengthening her skills in structured, evidence-based literacy intervention.
