

Callum

**Regional Clinical Supervisor
Physiotherapist
QLD**

Callum is an experienced Physiotherapist in musculoskeletal, vestibular, and neurological care, dedicated to delivering clear, evidence-based rehabilitation and meaningful results for every client.

Callum Sullivan is a Senior Physiotherapist dedicated to helping people move better, recover confidently, and return to the activities they love. With extensive experience across musculoskeletal, vestibular, and neurological physiotherapy, he blends evidence-based treatment with personalised, goal-driven care. Over nearly a decade working in clinic, gym, and community settings, Callum has built a reputation for delivering meaningful, lasting outcomes. As both a clinician and mentor, he is committed to supporting his clients and guiding the next generation of physiotherapists with clarity, compassion, and expertise.
