

Georgia

**Occupational Therapist
Queensland**

Georgia graduated from Australian Catholic University in 2024 and brings a well-rounded foundation of clinical experience from placements across paediatrics, hospital surgical and orthopedic care, and adult community settings.

Georgia has a strong interest in paediatrics, older adults, mental health, and assistive technology/home modifications, demonstrating a versatile and client-focused approach to care. Known for her problem-solving abilities, strong communication skills, critical thinking, and time management, she is dedicated to supporting clients in achieving meaningful outcomes.

Georgia has also completed key certifications, including the NDIS Orientation Certificate, NDIS Worker Screening Check, First Aid, and CPR, ensuring her readiness to provide safe and effective care.
