

Jessica

**Occupational Therapist
QLD**

Jess is an Occupational Therapist with strong clinical interests in assistive technology, complex seating, and pressure care across paediatric and adult populations.

Jess is an Occupational Therapist who is passionate about supporting people to engage in the activities that matter most to them. She has strong clinical interests in assistive technology for all age groups, with additional training in pressure care, posture and positioning solutions for wheelchair users. She values working transparently with clients and families, checking in regularly, and ensuring therapy goals reflect what is meaningful in everyday life.

Delivering therapy in the community is one of Jess's favourite aspects of the role, as it allows her to tailor interventions within real-life environments and create supports that fit naturally into a person's routines. She is also committed to ongoing professional growth and is excited to continue developing her skills in complex assistive technology.
