

Lachlan

**Speech Pathologist
QLD**

Meet Lachlan, a Speech Pathologist who loves helping adults and children overcome speech and swallowing challenges, while building confidence and independence.

Lachlan has completed placements in diverse settings, including rural and metropolitan hospitals, community colleges, and paediatric clinics, working with both adult and paediatric clients.

Lachlan has experience supporting clients with a range of speech and language needs, particularly focusing on dysphagia and aphasia. He is eager to further develop his skills in voice disorders. Throughout his placements, Lachlan received consistent positive feedback for his strong interpersonal and communication skills, which have been further enhanced through his international travel experiences.

Outside of work, Lachlan enjoys exploring foreign languages, cooking, travelling, hiking, and rock climbing.
