

# Milan

## Occupational Therapist Queensland

**Milan is a passionate and skilled addition to our Occupational Therapy team. Milan graduated from Southern Cross University in 2024, bringing a wealth of knowledge and practical experience gained during diverse clinical placements.**

Milan's placements included work with Queensland Health, where she provided care across various settings such as inpatient rehabilitation, medical assessment units, palliative care, and a geriatric community program.

Milan developed skills in paediatric care during her time at a private NDIS clinic, supporting children with developmental needs. This breadth of experience has equipped Milan with a versatile skill set and the ability to effectively work with clients of all ages.

With a strong interest in adult care and assistive technologies, Milan is enthusiastic about leveraging innovative tools and techniques to help clients achieve their goals. Her commitment to client-centered care ensures tailored support for each individual's unique circumstances.
